Discovery Wellness Center

Our Vision

Our vision is to assist and empower all people in discovering and embracing recovery and wellness.

Our Mission

Our mission is to provide quality wellness services to individuals and families with mental, co-occurring, and substance use disorders in order to promote recovery and wellness.

Here's what our members have to say:

"I feel like I belong and I am supported "

"It feels and seems like a family "

"I receive one on one support when I need it and I have a choice on what groups are provided at the center "

Discovery Wellness Center is located in the heart of the White Mountains in Show Low. Discovery started in Snowflake and but moved to Show Low in 2004 to meet the greater population needs of peers and families. Discovery has been at the current location since 2005.

We serve adults and their families with mental, co-occurring and substance use issues to promote recovery and wellness. Discovery is a community-based center meeting the community's needs and providing services including recovery support services and peer support. Discovery Center has many partners in the community, such as Change Point Integrated Care, Love 's Kitchen, the Humane Society and Northland Pioneer College. It is also one of NAZCARE's many regional Peer Support Training sites.
